

Dear Patients:

In accordance with Gov. Baker we are now able to enter Phase 2. This is referred to as the “Cautious Phase”. It allows dental providers to cautiously and incrementally resume **all elective, non-urgent procedures and services, including routine hygiene appointments**. Phase 2 excludes elective cosmetic services.

We will be slowly and steadily seeing patients, but will continue to prioritize according to need.

* * * * *

We acknowledge that this continues to affect and inconvenience everybody, but we ask that you continue to be patient and understanding during this time.

If you have an emergency, please leave a message on the office phone 978-779-6223 and one of the doctors will return your call.

Thank you. Stay safe and healthy.
Dr. Marian, Dr. Bryant and staff
